Job Description

Web Applications Developer – Internship (15-20 hrs per week)

Paul Consulting Group, (PCG) an IT solutions provider in Tallahassee, Florida, is currently seeking candidates for a Web Application Developer Intern to become part of our PCG Learning Academy and will work in Tallahassee, FL. This hourly, paid internship will learn structured programming concepts to facilitate the development and/or maintenance of our customer's business web applications. The successful candidate will be seeking experience developing web applications with object-oriented design techniques utilizing Microsoft tools.

Duties

- Learning best practice coding techniques.
- Designing and implementing web/mobile applications using the .Net Framework within established project schedules.
- Adhering to software requirements specifications and project timelines.
- Improving at structured coding using C# and SQL Server.
- Cultivating and maintaining relationships with the scrum project teams.
- Assisting with the effort to improve the Academy for the next intern.

Experience

- Working towards a Bachelor's Degree or higher in Computer Science, MIS, IS, or related field.

Preferred, but not required:

- Some design and/or development knowledge/experience with C#, .NET, and/or SQL Server.
- Some knowledge of Object-Oriented programming.
- A passion for programming/software development.
- Excellent written and verbal communication skills.
- A creative mind.
- Ability and desire to work in a team environment.

** MUST BE LOCATED IN TALLAHASSEE & IN LAST SEMESTER OF COLLEGE **
